SOCIETY TO FIGHT WET MOVEMENT IS FORMED IN UPLAND

Appearance of Flying Squadron Here Results in Intensive Drive

THREE SPEAKERS HEARD

Temporary Officers Named to Extend Work For Law to Many in Community

Inspired by the addresses delivered this week by members of the Flying Squadron,, a local society for the support of the eighteenth amendment is today organized with L. J. Horsch temporary president

Going from city to city throughout the nation, the trio of speakers, who this week delivered stirring appeals in the Upland Methodist church, is organizing local societies and it is planned to enlist the name of every person in the nation who is back of the eighteenth amendment. This will be done as the first move in an intensive drive to combat the work of organizations seeking to defeat the amendment.

Other officers of the local society are J. Emory Sargent, vice-president; Owen E. Atwood, secretary and Mrs. T. J. Cromer, treasurer. Many persons have already signed as members and soon a definite campaign will be launched to enroll as many as possible here.

Hon. Oliver W. Stewart, president and director of the Flying Squadron, delivered an address before a large audience in the church last night. He cited the duty of the state to protect life, maintain peace and order for all citizens, and he declared this could only be realized with the strict enforcement of the prohibition law.

He explained the work of many dry organizations and then outlined the plan of local societies in each city throughout the country. The plan is to enlist everyone who is interested in the maintainance of the eighteenth amendment and pledge support to the local societies.

"Hundreds and thousands of such organizations by working together can and will make their impression in the election and the selection of suitable candidates for upholding and enforcement of prohibition and other laws," the speaker declared.

"With all the dry organizations serving as rallying agents for this worthy cause the whole country can be reached and once more the local vigilant units get to work on this mighty task, conditions will change for the better. Prohibition will then function from the bottom up. rather than everyone stand idle and wait for Washington, the president, or someone else in authority to come and do the work that ought to be done locally."

On Wednesday night, following the address of Col. Alfred L. Moudy, nearly 100 pledges were signed and last night many more names were added. The organization here is to be known as the "Upland Society for the Support of the Eighteenth Amendment."

Rev. Norma C. Brown spoke Thursday night. Each night saw a larger audience than the night previous, with last night's attendance filling the church.

Baseball Opens on Chaffey Diamond: Riverside Is Here

Chaffey's baseball season opened this afternoon with Riverside playing on Graber field. Coach Archie L. Moore has put together a fairly strong organization out of poor pickings, but Riverside is boasting one of the best teams in history.

Lazzero, a freshman, will be in the box for his third game, with Sutter behind the plate. Captain Otto Gottwald will hold down first base, and Sheehan will take care of the second bag. Johnston of Etiwanda, who shone for the Etiwanda indoor team in the league here last summer, will be at short, and Miller playing third.

Phelps, Shiffer and Wallin will be the fielders.

Ontario Asks Upland To Change Date for Pioneer Pilgrimage Fete

Suggestion from Ontario that Upland change its date for the Pioneer Pilgrimage to early this spring so that the "First Californians" pageant could be presented on the same day did not meet with approval of Fletcher H. Manker, chamber of commerce director, and a member of last year's committee, when the matter was presented at a meeting this week. Albert C. Reynolds and G. A. Hanson were also invited to attend the meeting in the Little Theater in Padua Hills Wednesday night.

Whether arrangements can be made by Ontario to present the "First Californians" in the fall is unknown, but Mr. Manker expressed the belief in the meeting that Upland would not consider any other date than Sept. 9 for the local historical pageant.

As the "First Californians" is a musical pageant requiring the talent of many high school students, S. Earle Blakeslee, director, is reported to have at first thought the plan impossible, but later is reported to have considered the September date.

A committee is to be appointed among the members of the "First Californians" organization to confer with the local celebration committee concerning the possibility of the combined presentation.

It was the expression of the local group at the meeting that it would be splendid to present the two pioneer entertainments on the same day.

Ernest H. Gibson, chairman of the local celebration committee, is already planning for the historical pageant, and within a short time the personnel of many committees will be announced.

Combining the "First Californians" with the local celebration has been considered previously by a local committee and following a study, it was deemed unadvisable to join the events this year.

The Upland chamber of commerce is the directing organization of the local pageant and it is known this group would welcome the consideration of Ontario in the presentation of the two events on the same day.

SCHOOL CANDIDATES TO BE UNOPPOSED

A. J. Neilson To Be Only New Executive on Boards in Citrus District

When Archie J. Nielson assumes his duties as a member of the Upland board of education he will be the only new member of school administrative bodies throughout the citrus territory it was revealed today.

No competition exists for any place on the boards, time for filing nominating petitions having passed. School elections will be next Friday. Mr. Nielson is scheduled to succeed Fred E. Draper, who has served for more than three years.

Thomas W. Nisbet, veteran Chaffey board of education member, is also without competition. In the Alta Loma district Arthur Bridge is up for re-election as the only candidate. Others on that board are Gordon Billings and Arthur Capen. In the Cucamonga Central school district, A. P. Weber, who is clerk, is the only nominee up for election. Henry Klusman and Robert Nesbit are other members.

Virgil Davis is up for re-election in the Cucamonga district.

CHAMBER TEAMS IN FINAL CAMPAIGNS

J. Fred Anderson's Group of Membership Workers Is Ahead at Noon

Chamber of commerce team headed by J. Fred Anderson was ahead of the other three teams in the drive for additional members, with teams headed by Walter W. Horak and Godfrey Andreas in the two lower places. The two lowest teams are scheduled to foot the bill to all the membership workers. The team headed by J. W. Mehl was in second place. The report was made at noon today.

The contest closes tonight and unless some of the captains have been withholding names of members obtained in the drive, the final rating will be as it was at noon.

The membership roll was at more than 325 at noon, with several more names expected to be turned in during the afternoon.

Following are names of members obtained during the drive up until last night:

Paul Bodenhamer, George A. Culver, W. K. Beattie, Dr. John B. Craig, Charles J. Coe. George B. Bower, R. R. Brownson, Bradshaw Cleaners, Reid B. Bordwell, D. C. Anderson, J. Fred Anderson, J. E. Engle, J. W. Bridenbaugh, Guy R. Clark, Dr. L. F. Baxter, Harry E. Davis, and Harold W. Cook.

Milton W. Davenport, G. A. Andreas, Major G. Foster, San Antonio Meat company, A. K. Rae,

$1500 TO FINISH SCHOOL IS ASKED

Alta Loma Will Vote March 27 on Special Tax to Get Additional Funds

ALTA LOMA, Mar. 20—Completion of the kindergarten school building is at stake in the school election here one week from today. A special tax to raise $1,500 is sought of the voters by the school board.

Five years ago, the average daily attendance here was 91, while at present the attendance is 176, with very slight increase in the amount of space and fixtures.

Arthur Bridge, clerk of the board, cited the figures as showing the proposed completion of the building is a necessity and that if the voters do not provide the money, the school program will be seriously handicapped.

In the belief that it is economy to construct the building on a cash basis, the board has asked for $1,500, which will cover cost of finishing the kindergarten program.

Dr. Hill Addresses County Meeting of Woman's Club Board

Mrs. Una R. Winter, Mrs. Donald E. Hill, Mrs. W. F. Goodban andMrs. George Young represented the Upland Woman's club at the San Bernardino county federation board meeting held Thursday in Fontana.

"Better Homes" was the theme of the program with several speakers being presented in the morning. An enjoyable luncheon was served at the noon hour.

During the afternoon session Dr. Merton E. Hill, principal of Chaffey, was the speaker, discussing the changing requirements in the educational life of the young people. Dr. Hill called attention to the social and economic changes that have taken place within recent years and that have necessitated change in the educational system. One of the important duties of the school, he said is to so instruct the young people that they will have both the ability and the inclination to spend their leisure time wisely and profitably.

Mrs. Goodban addressed the meeting briefly, making a report on certain conservation work in the county.

WATER EXTENSIONS COSTING $12,000.00 ARE CONTEMPLATED

Improvement West of Euclid and For Lemon Heights Is Considered

NEW PIPES TO BE LAID

City Council Adopts Plan For Enlarging Service From Foothill to 16th

Extensive development of the city's water system in the territory west of Euclid avenue is contemplated and last night Richard G. Manley, city service manager, was authorized to call for pipe bids and to begin plans for the work.

Outcome of the Lemon Heights annexation election April 6 will largely determine the extent of the work to be done. If that territory votes to join the city, work costing approximately $12,000 will be started early next month. Bids on the pipe will be opened shortly after the vote is known and if the annexation measure is defeated, the bids will be returned.

One of the purposes of the Lemon Heights residents in considering joining is to obtain water and to that end the city is preparing to furnish the utility as soon as possible. The proposed improvements will also result in residents between Foothill boulevard and Sixteenth street, west of Euclid, to receive increased water pressure and better fire protection.

Regardless of the election outcome, it is the plan to replace four-inch pipe now on Foothill boulevard with new eight-inch pipe, this to extend from Euclid to Mountain avenues. On Sixteenth street from San Antonio to Mountain avenues, six-inch pipe will replace the two-inch pipe.

If Lemon Heights votes to join Upland, four-inch pipe will be laid on Mountain avenue from Sixteenth street to Foothill boulevard. Other improvements for water service are also contemplated in the Lemon Heights district proper, which is west of Mountain from Sixteenth to Foothill.

Mr. Manley plans to use only local men in the digging of the trenches, instead of machinery, as another means of aiding the local situation.

Financial outlay by the city will be realized by the city over a period of years through water receipts.

ATCHLEY TO QUIT COUNCIL APRIL 1; ACTION IS TAKEN

Resignation Filed Month Ago Is Accepted With Regrets Last Night

SUCCESSOR TO BE NAMED

No Hint Given Who Will Be Chosen to Take Up Work Left by Ex-Resident

Resignation of William Atchley as a city councilman was accepted last night with regrets by the other three councilmen present, and doing so, opened the way for discussion and speculation as to who will be named a successor.

Mr. Atchley's move to Ontario necessitated his departure from this city's governing board and his resignation submitted about a month ago was tabled until last night's meeting. It is to become effective April 1. It is the duty of the council to appoint a successor within one month.

Mr. Atchley has served on important committees and has been active since his election one year ago.

No indication was given as to whom the councilmen have in mind as a successor, but nothing along the line of making appointments will be done probably until Mayor P. H. McQuillen is able to take part in the selection.

Frank C. Buffington served in the mayor's chair last night, while Mayor McQuillen is recovering from an operation.

Wife of Los Angeles Counsel Is Visitor

Mrs. Everett Mattoon, wife of Everett Mattoon, Los Angeles county council, is today a guest at the home of Mr. and Mrs. R. R. Harrington. Miss Flora B. Holt, Mrs. Harrington's aunt, is also a guest with Mrs. Mattoon. Mr. Mattoon is authority on condemnation proceedings and one act specifying a procedure carries his name and is used by many cities.

R. L. Lamberson who spends his winters in Upland and goes north for the summer, will leave tomorrow morning for Hood River, Ore., where he operates a large apple orchard. He expects to return in October.

Three Men Discuss Water District Plan

Meeting to discuss the Metropolitan Water district in general, A. C. Reynolds, Richard G. Manley and Judge Thomas Donnelly of Etiwanda met in the office of the San Antonio Water company.

The three men are on a committee appointed at a recent meeting in Claremont at which discussion was held concerning the advisability of the territory from San Dimas to Etiwanda as a unit joining the district. Several other committees were named.

Comic Section Is New Feature in The News; Will Be Every Friday

An added feature is today presented by The Upland News.

A four-page colored comic section—usually received only with the largest daily papers, is included today and will appear every Friday.

The comic characters are known to everyone and are the best obtainable. Major Hoople, under the heading of "Our Boarding House," appears in a long line of chatter. Other comic page persons are Boots and her Buddies, Freckles and his Friends, Mom'n Pop and Simp O'Dill. A page, "Strange as It Seems,' is also included and this feature has proved the most successful of any comic-feature page insertion in the large daily papers.

In providing the comic section, The Upland News is adding another feature to the home-town community newspaper, and offers something that very few other semi-weekly papers in the state include.

UPLANDERS FIGURE IN CHAFFEY TRACK

Team Will Enter Huntington Beach Meet Tomorrow; Entrants Named

Chaffey's track team, composed largely of Upland athletes, will compete in the Huntington Beach invitational track and field meet tomorrow as the first real competition of the season. This afternoon the Chaffey sophomores and Riverside sophomores and the Chaffey reserves and Corona's first squad will compete in a meet.

Scouts Feed Dads In Regular Outing

ALTA LOMA, Mar. 20—Boy Scouts here played hosts to their dads this week.

In a monthly outing, the Scouts went to their camp grounds on Carnelian avenue and provided the food and entertainment.

PETITION ASKING SECESSION FROM ONTARIO BEING CIRCULATED TODAY

Line North of Santa Fe Tracks Proposed Boundary in "No Man's Land"

ANNEXATION HERE IS AIM

Ontario Officials Told in Detail of Proposal; Many Sign

Names of residents in "No Man's Land" were today being placed on a petition asking that all of Ontario north of the Santa Fe tracks be seceded from Ontario and incorporated into the city of Upland.

Prepared by Sanford and Sanford, Claremont, the petition is reported to be meeting with popular favor and W. H. Andrews, who is circulating the document, declared, "they are signing just as fast as I can get to them."

It is expected the petition will be presented to the county board of supervisors for approval at its meeting in San Bernardino Monday.

The petition itself specifies by boundaries the territory affected, but in general, the proposed line between the two cities is a point just north of the Santa Fe tracks.

Ontario at present extends north to Tenth street and from the center line of Euclid avenue to Benson avenue.

More than 200 electors are in the territory and names of 25 per cent of these are required on the petition for its consideration by the supervisors. After its approval by the county group, the document will be returned to the Ontario city council, which will be required to set a date for the election.

The procedure in a case of secession and annexation is said to be new as a law has just recently made it possible for a section in one city to secede and annex to another city. The local case will be watched with interest by other cities, it is reported.

Ontario officials have not as yet offered any protest against the petition. F. K. Nichols and E. H. Johnson who were largely instrumental in getting the matter in petition form, discussed the proposal with Mayor Francis P. Williams yesterday afternoon.

Seeking to maintain harmony the two local men explained in detail what was going to be done and extended the goodwill of the territory to Ontario. An effort was made by the two men to contact other councilmen but they could not be located.

Several Ontario officials and prominent residents of the southern neighbor have expressed themselves as believing residents of "No Man's Land" were justified in seeking to change their city affiliations.

At first it was thought the reported movement to secede included the territory south of the Santa Fe tracks, but those in charge indicated that such was not the case.

Mr. Andrews also has data concerning the tax situation and water costs in the two cities and the figures are presented when the question of taxation arises.

Junior High Team in Victory Over Fontana

Even though John Meek, the Upland junior high ninth grade pitcher, was taken from the box and two other substitute twirlers used, Upland defeated Fontana 14 to 0 in an indoor baseball game here yesterday.

The Upland scores came during the first innings, and Meek, opening the game, completely checked the visitors. Denzil Kearney, who started at catcher, twirled a few innings, while Meek caught. Later Howard Roberds, third baseman, took the mound, Kearney went behind the plate again and Meek took third.

Others in the lineup were: Fred Zimmerman, first; Charles Hunt, second; Howard Roberds, third; Alfred LaVars, shortstop; Paul Smith, left field; Clarence Drake, center field; and Eddie Frantz, right field.

CHAFFEY'S TITLE HOPES ARE HIGH

Meek Will Lead Quintet in Second Championship Series Tonight

Into the semi-finals of the Southern California basketball championship, Chaffey will send a team of basketball players from the Upland district, with Whittier being the opponents. The game will be played in the Huntington Park gymnasium at 8 o'clock tonight.

Long Beach and Chino high schools will play another semi-finals game in the Whittier gymnasium at the same time and the winners of these games will play in the Huntington Park gym for the championship Saturday night.

Captain Dave Meek will lead his team into the second championship play-off series. As center and captain of the 1930 quintet, Meek led the Chaffey squad to a championship. The team of veterans is duplicating so far the record of a year ago.

Eldon Naftel, who with Meek gained recognition on all-star teams a year ago, will be the bulwark of Chaffey's defense and offense. Cy Gunstream will be at the other guard and Henry Doll and Noel Brown will be at the forward positions.

Many from Upland and throughout the Chaffey district are planning to attend the game.

Result of tonight's game will be available to all who call The Upland News, Upland 29, tomorrow. Outcome of tonight's games will determine if Chaffey plays Saturday night.

A telephone call to The Upland News will result in the information about tonight's game and tomorrow's schedule.

Eighth Graders Win Over Etiwanda, 19-9

By a score of 19 to 9, eighth graders at the Upland junior high won from Etiwanda at Etiwanda Wednesday afternoon. A week previous, Ontario junior high had defeated Upland.

Coach James Paulin used the following in the game: Evan Bohen, catcher; Laddie Fetrow, pitcher; Eldon Bert, shortstop; George Davis, first; Larry Smtih, second; Edwin Kirkpatrick, third; and Merton E. Hill, Francis Brogan and Howard Eshelman, fields, with George Witman and William Walk, substitutes.

Services Held For Mother of Local Man

Funeral services were held this afternoon for Mrs. Fannie McGehee, mother of G. B. McGehee, manager of the local Safeway store. Mrs. McGehee died in Pomona early Wednesday evening and services were held in that city today.

She is survived by her son here and her widower and daughter in Pomona.

Mr. and Mrs. Wiley W. Mather had as guests recently Mr. and Mrs. D. B. Chown, their cousins from Portland, Ore., where Mr. Chown is in the hardware business.

Friends Help Seguin Observe Anniversary

Forty-sixth birthday anniversary of George F. Seguin was observed yesterday and last night William Seguin, his son, entertained at a stag party in honor of the occasion.

Those present were Hjalmar Anderson, James Vivian, Robert Pullen, Leon Schroeder, Earl French, Roy French, Bus Andreas, Harold Snyder, Ed Nelson, J. C. Harris, Jake Voth, Charles Reed, Ray Winfrey, and Ted MacLaren.

City Water Group To Meet in Short Time

With Ontario expected to take action soon on the question of joining the Metropolitan Water district, the Upland water advisory committee is preparing to meet soon for further discussion on the project.

Richard G. Manley, secretary, said that he has written for information from Los Angeles and until this is received, no date will be set for the committee meeting.

Perfect Spellers Win Second Contest At Cucamonga

CUCAMONGA, Mar. 20—Picture two youths able to spell any word given to them, and an idea can be obtained of the sixth grade spelling contest in the Central school here Wednesday.

Thirty other contestants in The Upland News inter-community spelling contest had been forced to retire. Without missing a word in the 1½ hours' session of spelling, two boys, Mexicans, remained.

Following was the result: Cucamonga, south, first with nine points; Tenth street, Upland, second with three points, Colony, third with two points and Etiwanda fourth with one point.

Even though the English language was foreign to them, Paul Leos and Joe Fuenter, outspelled all contestants from the schools of Upland, Alta Loma, Cucamonga and Etiwanda, and since the two boys are from the same school, Cucamonga, south, it was decided to end the contest. At the rate they spelled any word given them by Miss Marie Werner, teacher in the Central school, they might have kept on for hours.

Mrs. Katherine Murray is principal of the Cucamonga school and Mrs. Ella Wise is the winners' teacher.

Ruth Ward, daughter of Mr. and Mrs. R. V. Ward was the hope of the Tenth street school, but the ability of the two winners was too much and she was forced to retire with third place, making three points. Mrs. R. G. Manley is her teacher.

Showing of the Colony school was outstanding, with Dorothy Mae Hare, daughter of Mr. and Mrs. C. E. Hare, Ontario, getting fourth place and two points.

Mary Margaret Fleming of Etiwanda was spelled down when four others remained up and she won for the Etiwanda school one point.

More friendly rivalry prevailed throughout the contest than in any other word battle conducted in the schools by The Upland News. Spelling was more deliberate and the words were much more difficult than in the fourth grade contest a week ago.

A ticket to the Upland theater was given each contestant by The Upland News and a pennant was presented to the Cucamonga school. Judges for the Contest were Miss Frances Barr of the Colony school and Miss Mildred Bane of Central school.

Fifth grade spellers will meet in the Etiwanda school next Wednesday with the seventh and eighth grade teams competing after the spring vacation.

Following are the names of

Final Spell-Down Plans Announced

With much interest being shown in the spelling contests among the schools of the district, The Upland News is today planning for the grand final contest to be held next month, winner of which will receive tickets for transportation of two persons to Catalina Island.

Any student winning points in the grade contests, or any other student the teachers believe capable of having a chance for the prize, will be entered in the final spell-down. The more difficult words used in the regular classroom work will be used. Definite selection of the words has not been made.

Following the eighth grade contest to be held April 15, definite arrangements for the final contest will be held. The contest will bring together the best spellers in all the grades in the schools from Upland as far east as Etiwanda. While it is logical to expect a student in the higher grades to win, the fifth and sixth grade spellers are also expected to offer keen competition.

The grand prize, to be given by The Upland News, is made possible through the cooperation of the Pacific Electric and the Wilmington Transportation company. The tickets will provide an outing for the best speller in the citrus district and a companion.

Today's Bible Verse

To everything there is a season, and a time to every purpose under the heaven.—Eccl., 3:1.

Boys—This Is No Fairy Tale

For the ambitious boy this romance of real life should be interesting—it may read like a fairy tale, but it's just one of many instances where a lad of determination, high ideals and a willingness to work started at the bottom of the ladder and step by step climbed clear to the top.

A few days ago there was a luncheon up near the top of one of the buildings that make the skyline in New York City. At that luncheon a lot of business men paid homage to a former office boy who grew up in the middle west. Before the luncheon was over they made him the head of the New York Life Insurance Co., a company which does over a billion dollars of business a year. That man is Thos. A. Buckner and he served his company fifty-one years before becoming its president.

At fifteen years of age Tom Buckner started with that company as an office boy in his father's agency at $20 a month, out of which he paid $15 a month for his board at home. The lad may have thought paying that $15 was somewhat of a hardship, but it probably did him a lot of good—he at least learned the value of a dollar while he was doing that, and that did not leave him much to spend on himself foolishly. Today the company he heads has a force of 15,000 agents and employes.

"Work is a drudgery or pleasure, according to the way you go about it," says Mr. Buckner. "One of my most disagreeable tasks was sawing and splitting wood. My friends were similarly afflicted. I decided to organize a wood-sawing bee. We hooked some apples and cookies, lit our lanterns and went to work one night. We had a royal good time and sawed up all the wood in the neighborhood. That taught me that work can be turned from drudgery into pleasure."

And if Mr. Buckner had been content with being merely a good office boy he would never have reached the top of the ladder. At twenty-one he started in at Ottumwa, Iowa, as an agent, selling $250,000 worth of insurance the first year—a phenominal amount at that time—in 1886. This attracted his superiors in the head office. He soon advanced to agency director in Kansas City and doubled the business the first year. His climb continued and at the age of thirty-three he was called to New York as superintendent of agencies. He rose to fourth vice-president, a director, and at 38 vice-president in charge of the full agency force. He built the business from an annual production of $200,000,000 to more than $1,000,000,000.

This step by step illustration is given to show that the top of the ladder is not reached by one step—it takes constant and conscientious work. But there are numerous instances similar to the case of Thomas Buckner that prove it can be done. It should be inspiration and incentive to the boys of today. True—they can't all reach the pinnacle attained by Mr. Buckner, but there are thousands of cases where lads with every handicap but good health, high ideals, and a willingness to work have attained great success and landed at the top of their profession—some in their local community, others are outstanding in their state, and some become international figures.

—o—

When this News Guy read of the "allocation" of funds for a postoffice building in Upland (and numerous other places throughout the country) we did not get so "het up" about it as some other folks perhaps—and the reason for this was because of an instance of which we had first hand knowledge and of others we have been reading about in our exchanges. When this writer located in Osage, Iowa, in 1916, one of the first things we learned (or rather, heard) was that little city of 3000 was to get a federal building. At various intervals the proposition kept popping up—Uncle Sam's agents were inquiring about suitable sites and made known the specifications for same. That town does not yet have a federal building—and apparently it is no nearer realization there than in Upland, for in the list of towns designating the "allocation" of funds for postoffice buildings some two weeks ago the names of these two cities were given to receive the same amount. And judging the future by past progress, there are a lot of folks now living who will never see a federal building in their city. If they do, the present conditions can be given credit for hurrying things along.

—o—

This "debunking" of our national heroes—such as Washington, Lincoln, and others—seems to have become a profession among a certain class of writers. Evidently it is done for the hard cash they expect it to bring—but they certainly can't expect the public to swallow all their statements. However, there are undoubtedly a certain number of people in this country who will pay $3 for a book telling them Washington was no better than they are instead of spending the same amount to get an inspiration by reading of the lives of the nation's great men. No doubt there are some who enjoy reading that "dirt slinging" stuff, but the majority do not. It may be too much to expect that these men were perfect in every way, but they performed great deeds for their country, were men of high ideals and character, and have been an inspiration to millions who followed them—also sowing the seed of great deeds in the hearts of men and women of later generations.

—o—

And now comes Jack Dempsey, perhaps the most picturesque and colorful of all the world champion prize fighters, and announces he is done with fighting—so far as putting himself in the way of another's punches. Prize fighting is the most brutal of sports, yet there is something about it which draws people to witness it. No doubt the only thing which induces men to engage in such exhibitions is the hope of great financial reward—and in this most of them are disappointed, for few ever reach the point where they draw the "big gate." Jack, of course, is one of the exceptions, having drawn the biggest crowds that ever witnessed such events. But Jack don't want to take the chance of any more beatings at his age.

—o—

And now they say the Germans are going to invade the United States with the tiniest of all automobiles. It is said this car is only a little more than four feet high and will do sixty miles on a gallon of gas with its fifteen horsepower, two-cylinder engine. So you can now get ready to transfer your jokes that you have been springing on other small autos.

—o—

One of the greatest menaces on the highway is the "one-eyed" automobile—and there are a great many of them. Drivers should use great precaution in seeing that both their headlights are working at night. The state authorities are announcing a campaign against such drivers at this time and a warning should be sufficient to all drivers to investigate their headlights.

W. H. Gill of Lancaster was a guest this week of W. R. Hawk at the Tenth street store.

L. G. Stafford of San Francisco, brother-in-law of Bruce Bower, is here visiting Mr. and Mrs. Bower. For exercise he has just painted the Bower automobile and will now put a coat of paint on the Bower home.

Have you gotten your house number yet? Street superintendent Froehde is busy placing the street signs and citizens should put up their house numbers at once.

Paul Burkholder has sold the Boston Bakery shop to Carl Nelson, experienced baker. Mr. Burkholder will assist B. L. Byer in his insurance and fertilizer business.

TEN YEARS AGO

Present indications are that it will not be long before Ninth street from Euclid avenue to Campus avenue will be equipped with ornamental lights. R. C. Williams has been the leader in the movement to secure the improvement.

Within a few days Upland Post No. 73, American Legion, will hold a housewarming in the new clubhouse on Second avenue. The building, formerly the M. F. Palmer home, has been completely remodeled and furnished

The small sum of $25 was all that was needed to clean up the streets following the big rain of Sunday and damage to groves was light considering the large volume of water running in the streets. One peculiar thing was the large number of tin cans strewn the entire four miles of San Antonio avenue. Where they came from no one knows.

Mr. and Mrs. James Stewart of North Campus avenue have recently moved to the Walline ranch southeast of Ontario.

Mrs. Josephine Hewett and her guests, Mrs. Alice Piper and Mr. and Mrs. Earl Piper, recently from Pennsylvania, are spending this week on Catalina Island.

Mr. and Mrs. David Minis of Long Beach were in Upland Tuesday, coming to attend the Pehl-Morse wedding.

Mr. and Mrs. J. V. Benson left yesterday for a several days visit with their daughter, Mrs. Alden Echols, at her ranch in San Fernando valley.

Mrs. E. S. Troeller, Mrs. S. W. Sedgwick, Mrs. Philip Casey and Miss C. E. Hanson left today for a week's visit in La Jolla.

Mrs. Isabelle Scott, who has been staying for the past few months with her father, C. E. Harwood, has gone to Santa Monica where she has purchased a cottage.

Mrs. G. T. Redmon left Saturday for Boston, Mass., where she will be the guest of her grandmother for some time.

Several Upland people motored to Owensmouth Sunday and were guests of Mr. and Mrs. John Teel. In the group were Mr. and Mrs. Robert Hall, Mr. and Mrs. Frank Lutz, Miss Clara Eestelle Lutz, Mr. and Mrs. A. C. Hall and Mac and Herbert Hall.

H. H. Sanborn of Claremont, a cousin of J. F. Sawyer has purchased the Ware residence on Euclid avenue near Tenth street. C. E. Grier made the deal.

Mr. and Mrs. W. B. Cavers enjoyed a visit yesterday with old-time Michigan friends, Mr and Mrs. Frank North of Vassar, Mich.

Other Editors' Ideas

Upland Has Some, Too

Azusa Herald: In a recent issue of the Emporia Gazette, edited by William Allen White, nationally known editor and publisher, is a wonderful editorial captioned, "Are you riding free."

"Some men steal rides on trains and let those who buy tickets pay the freight, other men live in communities and give nothing to civic or charitable institutions, yet enjoy all benefits derived from efforts of public spirited men," states the editorial.

Yes, unfortunately this is all too true, not only in Emporia, Kansas, but in Azusa, California, and every other city. Men who think it a real clever stroke to avoid bearing their share of the load.

It was only yesterday I heard a man bewailing the manner in which his church was run. I asked him what he was doing about it, and he replied, "Oh, nothing, except they don't get any more of my money."

I venture the guess that they got "darn little" of his money before and he was merely drumming up a lame excuse to quit paying altogether.

Funny how some folks feel divinely ordained to stand on the side lines watching those who are doing, then whale the tan off'n the first man who makes a bobble.

Preservation of Wealth

San Bernardino Evening Telegram: When prosperity prevails, men give their attention to the creation of new wealth; when business depression prevails, men devote themselves to the preservation of their wealth. Man's reactions to the bonanza and the borrasca are diametrically opposite.

A depression has at least one constructive influence; it makes people think; it makes them contemplate what the future may bring; it makes them desirous of fortifying themselves against adversity; it makes them determined to insure protection for their dependents in the years to come.

Since that "Black October" there has been in the United States more painstaking and scientific planning for the future than in any corresponding period in history. There have been stock market crashes and business depressions before this, but never before were the victims so large in number.

Seen From the Chaffey Window

By One of the Faculty

Interest is high in the success of the basketball teams at Chaffey this week. The chapionship of the state of California was won by the Panthers in a most successful season. After a slow start they played spectacular basketball, winning games with dazzling exhibitions of speed, teamwork and accuracy.

Tonight the high school team is battling Whittier in the semi-final game for the Southern California championship. The game will be played at Huntington Park high school at eight o'clock. The winner of this game plays the winner of the Chino-Woodrow Wilson game Saturday night at Huntington Park.

Meanwhile the Panther and Tiger baseball and track squads are sharpening their teeth and spiked shoes for their conference and league contests.

And all the while, the classroom work goes forward excellently. The high school debate squad tied in number of debates won, but lost the championship by a margin of one decision of a single judge. San Bernardino will hold the cup for the coming year.

Three hundred girls are sweating over the kitchen range afternoons baking championship cakes for the Girls' League contest.

It is a busy year at Chaffey.

WORK ON FOOTHILL TO START BY JUNE

Bids Expected To Be Opened Next Month; Euclid To Be Kept Open

Actual work on the widening and re-paving of Foothill boulevard through the city will be under way at the time of Upland's annual Pioneer Pilgrimage pageant, but through efforts of Clair E. Kirk, chamber secretary, it has been specified in the proposed contract that all work will stop on Sept. 9, day of the celebration.

Euclid avenue will be kept open at all times for traffic, while San Antonio avenue will be closed during the construcion period. District Engineer Sullivan was preparing the proposed contract and had intended to close Euclid avenue to all traffic, but Mr. Kirk's visit to the highway office in San Bernardino resulted in the changes.

Work in the improvement project is scheduled to be actually started by June 1 and to continue for five months. Mr. Kirk pointed out the necessity of curtailing all activities on the day of the celebration and Mr. Sullivan made that specification in the contract. Mr. Kirk's visit also resulted in Euclid avenue being left open, instead of closed during the work. Copies of the plans and specifications were sent to Sacramento late this week, where they will be examined and approved by the state engineers. Then bids will be called and 30 days later, it is expected the contract will be let.

The boulevard is to be widened to permit four lanes of traffic, and the right-of-way will be 76 feet wide.

Through efforts of city officials all deeds for the additional right-of-way were obtained without court settlement, an achievement unusual in highway proceedings. Property owners along the artery cooperated to the fullest extent with the city officials.

Red Cross Drought Relief Fund Has Reached Its Goal

Reaching its goal of $10,000,000, the American Red Cross completed its campaign for that sum Wednesday, according to an announcement made by John Barton Payne, national chairman, in telling of the work of the Red Cross in carrying relief to the drought stricken state.

It required but three months and five days to raise this huge sum, every dollar of which was voluntarily contributed by the citizens of the United States.

"Never before has our society faced so great a task of relief," said Mr. Payne. "On March 1, through our chapters in 850 counties in 20 states, we were giving food, clothing or other types of relief to 2,000,000 persons." In addition to subscribing the entire fund in cash, the American people also contributed 621 carloads of foodstuffs.

The distribution of garden seed is now under way. Fifty carloads of seeds, comprising over eight million packets, are being distributed in the drought states for spring planting, as part of the relief program.

Son Born to Former Secretary of Church

Many friends in Upland, particularly members of the Methodist church, will be interested in the news coming from San Bernardino of the birth of a fine son to Mr. and Mrs. R. B. Brookfield. Mrs. Brookfield will be remembered here as Miss Harriet Herron, who for nearly a year was secretary for the Methodist church, being succeeded after her marriage by Miss Anna Beall Clark.

The baby was born Sunday, March 15, and has been named David Raynor, the second name being for the father who is a well-known linotype operator for the San Bernardino Sun.

CHURCHES TO HOLD SUNRISE SERVICE

San Antonio Park Will Be Scene of Easter Morning Program

Called by the Rev. Clarence O. Kimball, pastor of the Ontario First Methodist church, and chairman of the committee arranging for the annual community Easter service, a meeting of the committee members was held Wednesday afternoon to discuss plans for the event.

Although details as to the speaker and the music are not yet decided, it is known the service will be held at sunrise in San Antonio park and the program will be similar to the previous ones that have proven an inspiration to all who attend.

Numerous sunrise services are held throughout the valley, but at no place could a more beautiful spot or a more easily accessible one be selected than the park on the heights overlooking the entire valley and in full view of the first rays of the sun as it rises over the San Gorgonio peaks.

The service is sponsored by the Ontario-Upland Ministerial union and all people throughout the several surrounding communities will be cordially welcome to attend.

Mrs. V. H. Wilson spent Thursday in Riverside attending a committee meeting at which arrangements were made for entertaining the state convention of the P. E. O. Sisterhood in Riverside on May 7, 8, 9.

The seven P. E. O. chapters in this district, which includes Upland, Claremont, Redlands, San Jacinto, Hemet, and two in Riverside, will be hostesses to the convention.

Mrs. Hilty Asks For Magazines, Cotton, Silk Quilt Pieces

Late copies of magazines, also silk or cotton quilt pieces are wanted by Mrs. M. E. Hilty, chairman of the welfare committee of the Upland Woman's club. Mrs. Hilty has found a need for these items among the aged women residents of the Monte Vista home at San Bernardino and will be glad to receive any magazines or quilt pieces that may be contributed.

Many current magazines are read in the homes within a week or two and would still be new for women who do not have a great deal of reading material. As for the quilt pieces, that is but a matter of going through the scrap bag in any home, and bits of silk or cotton will help the women pass many an otherwise dull hour.

Wild Lions Will Be Seen With Circus

Few who see wild animals in cages realize the vast amount of trouble, danger and expense necessary to get them there. The greatest danger lies in capturing the wild animals in their native country. With the Al G. Barnes circus, which will give two performances in Pomona on Tuesday, there are several hundred wild animals, most of which were captured in the forests and jungles of their native country.

There is no more ticklish or dangerous task than tracking lions in the vast Nubian deserts.

For capturing full-grown lions, large traps of various forms are used. One trap is square, one of the sides lifting upon a spring like the old-fashioned mouse trap. This trap is baited with a piece of fresh meat, and as soon as the lion has entered the trap the door shuts down and he is a prisoner. More than a score of lions with the Al G. Barnes circus were captured in this manner.

IT'S STILL....

Planting Time!

WISTERIAS Wisterias are just now beginning to show color and there is still plenty of time to plant them. There is nothing finer for covering a pergola or clambering along the eaves of house or garage. The Chinese Blue has the most flowers, but the Japanese has the longest flowers, light lavender in color. Some people like the pure white. If you are one of these people that like to be sure of what they are getting, you can even see them in bloom in our salesyard and select the color you want.

FOR SUMMER CUT FLOWERS

Zinnias and Asters are now ready to plant. We have the Giant Flowering Zinnias in lavender, lemon-yellow, golden-yellow, salmon shades, rose-pink, orange and scarlet. We also have the new Dwarf Lilliput varieties in various colors.

ROSES There is still plenty of time to plant Roses. A few bushes will give you beautiful buds for cutting almost every morning during the summer and fall. Red Roses are most people's favorites. We recommend Etoile de Hollande, Lord Charlemont and Miss C. E. Van Rossem as three of the very finest Red Roses. They will furnish many beautifully formed, sweetly scented, brightly colored buds for your table. Plant Roses for cutting and not for garden ornamentation alone.

IN FULL BLOOM NOW

The Bridal Wreath is now in full bloom and there are some beautiful specimens in the Ontario-Upland district. It is one of the easiest of all shrubs to grow, and it is also one of the most beautiful and effective in the springtime. The single flowered form is most commonly planted, but some people prefer the double.

Seven Luncheons With 120 Guests Given by Aid Society

Seven excellent luncheons, each freely acknowledged to be better than all of the others, and having a combined attendance of 120 guests, were the unique source Tuesday of a great deal of pleasure as well as profit for the treasury of the Ladies Aid society of the Presbyterian church.

At a recent meeting a number of members volunteered to serve as hostesses and to prepare an appetizing luncheon the cost of which should not exceed $1.50 for each ten guests served. The guests, whose names were drawn at random from a box by the several hostesses, were to pay 50 cents each for the luncheon, the proceeds less the agreed expenses to go to the society's treasury.

Immediately the hostesses set to work with pencil and arithmetic as well as cookbook and the menus were planned, each with the view of serving the very best luncheon possible not to exceed the cost of 15 cents per guest. While some of the hostesses may have fudged a bit and have gone over the limit by a penny or so, the others were more fortunate and were able to hold the cost even below the limit, so that the average cost of the luncheons was the agreed 15 cents per guest.

And those luncheons were no bread and beans affairs either. The homes were dressed in attractive floral decorations and the tables were handsomely appointed just as for a real party, and the average menu offered something like this: Fruit cup or fruit or vegetable salad, pork chops, potatoes, peas, or other vegetable, with a dessert of lemon pie, jello, or other dainty dish, and hot coffee and tea.

Lingering for some time at luncheon tables and later visiting pleasantly, some enjoying impromptu program, guests found the "economy" luncheons to be really merry affairs.

At the home of Mrs. R. C. Stone the hostesses were Mrs. Stone, Mrs. Ernest L. McCartney, Miss Mina Ruesink and Mrs. C. W. Hawks, 27 guests.

Mrs. Leon Durham, Mrs. Fredric Maurer and Mrs. R. C. Norton at the Durham home, 24 guests.

Mrs. Ernest Bridenbaugh and Mrs. Minnie Goodrich at the Bridenbaugh home, 11 guests.

Mrs. H. S. Bailey, Mrs. A. P. Moremen, Mrs. M. H. Moremen and Mrs. K. W. Fuller at the Bailey home, 21 guests.

Mrs. T. M. Nichols and Mrs. Elizabeth Moore at the Nichols home, 13 guests.

Mrs. T. W. Nisbet and Miss Clara Lou Nisbet at their home, nine guests.

Mrs. F. W. Palmer and Mrs. H. M. Guy at the Palmer home, 15 guests.

Several expected guests who could not attend, sent in the luncheon fee.

Notice to Members of Upland Woman's Club

Preceding the program that will feature the well-known artist, Earle Rowland, in an exhibit-lecture, a business meeting of the Upland Woman's club will be held at the clubhouse at 2 o'clock on Tuesday afternoon, Mrs. Una R. Winter presiding.

At that meeting the nominating committee will be appointed and it is Mrs. Winter's wish that in the meantime all club members give serious thought to the selection of officers and directors for the coming year and be prepared to write helpful suggestions on slips of paper that will be passed for that purpose. These suggestions later will be studied by the nominating committee as an aid in making their selections.

In connection with the program to follow, Mrs. W. M. Dundas of the music committee is arranging several special musical selections to complement the art lecture.

Pan-Hellenic Benefit Bridge Tomorrow

Under the direction of Mrs. Jay C. Baird, chairman of the committee in charge, arrangements have been completed for the annual Pan-Hellenic bridge benefiit to be given Saturday at The Sycamores and a most delightful party is anticipated.

The Pan-Hellenic society supports a large scholarship fund that is used to aid worthy girls in their educational pursuits and the affair Saturday is being given as a benefit for this very worth-while fund.

Mrs. Baird's committee is preparing to accommodate 200 or more guests and anyone desiring to attend, who has not yet made reservation, may do so by telephoning Mrs. Baird, Upland 258-W.

Table prizes will be awarded and refreshments served during the afternoon.

Mrs. Gilbert Dzie Hostess at Afternoon Bridge—

Mrs. Gilbert Dzie of Euclid avenue, entertained a number of her friends Wednesday afternoon with a bridge party, using the St. Patrick's day motif. Among those present were Mesdames Morse B. Hawkey of Upland, and from Alta Loma, Mesdames W. C. Belden, Chas. Thorpe, Geo. Foster, F. S. Wagner, B. H. Wilson and Mrs. E. S. Bishop from Cucamonga.

Public May Hear Well Known Artist Speak at Woman's Club

A program planned to afford as much delightful entertainment as it gives valuable information, will be presented before the Upland Woman's club at the clubhouse Tuesday afternoon, March 24, at 3 o'clock, when California's best known artist and art lecturer, Earle Rowland, appears as speaker and exhibits a wonderful collection of pictures. Mrs. Herman Hess arranged for Mr. Rowland's coming and will be in charge of the program.

Under the general title of "Art Appreciation," Mr. Rowland will speak on the intriguing subject of "Hidden Treasures," among other things explaining the use of pictures in the home, what to look for in pictures and how to enjoy them; the relation of art to daily life, and how to see color and where to look for it. Adding a more personal touch, Mr. Rowland will give interesting bits of information about well-known artists and throughout the lecture is an undercurrent of delightful humor.

A talented painter of landscapes and best known for his California artists, aptly illustra- Mr. Rowland will exhibit many of his own pictures as well as numerous others of well-known alifornia artists, aptly illustrating his talk with the pictures which will be shown under a special lighting system.

Some of the painters to be represented will be William Wendt, Armin Hansen, Donna Schuster, Henrietta Shore, Charles Reiffel and Edward Vysekal, and several others.

One feature of the program of particular interest to the public, is that anyone may attend for the small admittance fee of 35 cents. This privilege is extended the public by the club because of the real educational value of the program.

Friends Enjoy Pleasant Evening in Rogers Home—

As hosts for their dinner bridge club, Mr and Mrs. Francis Rogers entertained a group of friends Tuesday evening at their home on Laurel avenue.

Following a pleasant hour about the attractively appointed dinner table at which a delectable menu was served, the guests enjoyed a session of bridge, Mrs. Carl Nicholson winning first prize, I. J. Linkey taking second, low score award going to Mrs. W. R. Farmer.

Guests of Mr. and Mrs. Rogers were Mr. and Mrs. R. G. Manley, Mr. and Mrs Carl Nicholson of Claremont, Mr and Mrs. I. J. Linkey, Dr. and Mrs. W. R. Farmer and Mr. and Mrs. A. L. Moore.

Red Hill Is Scene of Charming Luncheon

Red Hill Country club was the scene of a charming bridge luncheon Tuesday when Mrs. S. Harry Yahres and Mrs. Charles J. Coe as co-hostesses graciously entertained a large number of their friends, invitations being sent to 85 guests.

In all of the luncheon and bridge appointments was reflected the thought of Saint Patrick's day, the color and emblems being utilized in clever fashion, while the floral decorations which added a springtime touch to the attractive luncheon table and the club rooms, included a variety of lovely spring blossoms.

The guest specially honored at the happy affair was Mrs. William Hart of Midland, Pa., houseguest of Miss Jane Chandler.

During the afternoon bridge playing claimed the attention of the guests and prizes were awarded to Mrs. Harlow S. Wilson, first; Mrs. William Kerr, of Pittsburgh, Pa., second; Mrs. Byron Ford, third; Mrs. Herbert Tracy, fourth, and Mrs. W. H. Craig, Jr., consolation, while a handsome guest prize was presented to Mrs. Hart.

Mrs. Tuttle Returns Home As Health Much Improved—

After spending two months in Los Angeles under treatment of specialists, Mrs. W. H. Tuttle has returned to her home at 206 West Tenth street and with the exception of occasional visits to her physician in Los Angeles will be able to remain at home.

Mrs. Tuttle's scores of friends are quite happy to know that her general health is greatly improved and her eyes, which were giving her considerable trouble, are a great deal better. With time and reasonable care, Mrs. Tuttle expects to be fully restored to her usual good heath.

Delightful Party For Club Card Section—

Although the attendance was somewhat lessened because of the numerous luncheons and other social affairs occurring on that day, the Saint Patrick's bridge party given Tuesday afternoon by the card section of the Upland Woman's club at the clubhouse was one of the most delightful the group has yet enjoyed.

The green of Saint Patrick's day predominated in the very attractive floral decorations as in the pretty appointments for the refreshment table, the favored color even being used in clever fashion in all items of the dainty menu.

The informal afternoon about the bridge tables was very happily spent by the guests who, although playing earnestly in the spirited competition, found time to enjoy much merry chatting. Again in the three attractive prizes awarded the favorite green was seen, the articles being daintily wrapped in green tissue.

Mrs. W. H. Tuttle, chairman of the card section, was hostess for the afternoon and was responsible for the cleverly planned party.

Alhambra Guests Entertained In Geo. L. Winter Home—

Sunday guests of Mr. and Mrs. Geo. L. Winter at their home on Arrow route were Mr. and Mrs. H. Randal Bradburne and their children, Richard and infant daughter, Marian Elva, who made her first visit to her Upland relatives. The Bradburnes reside in Alhambra, while Mr. Bradburne holds a responsible position with the Robuck company in Los Angeles.

Miss Dundas Honored at Pretty Pre-Nuptial Shower—

Among the several pretty pre-nuptial courtesies being extended to Miss Viola Dundas whose wedding to Robert Ferrington of El Centro will take place on Easter morning in the Upland Presbyterian church, was a delightfully planned surprise shower given for her Wednesday evening by her aunt, Mrs. Eldon Atwood on San Bernardino road.

Secretly inviting a number of relatives and friends, Mrs. Atwood made all arrangements without Miss Dundas suspecting the happy plot and all the guests were present when the honoree with another aunt, Mrs. Owen Atwood with whom she is staying at present, came in to spend the evening. Her surprise was as complete as it was pleasing and a happy time was spent in opening and admiring the numerous lovely miscellaneous gifts.

Mrs. Atwood used spring flowers in her floral decorations with a clever combination of both Saint Patrick and Easter colors and emblems in the dainty appointments for the delicious tray refreshments.

Participating in the shower for the happy bride elect were Mrs. M. H. Bailey, Miss Nelle Atherton, Mrs. F. E. Samuel, Mrs. George Schlecht, Miss Linda Schmidt, Mrs. Floyde Atwood, Mrs. Glenn Atwood, Mrs. Owen Atwood, Mrs. Paul Bodenhamer, Mrs. Jessie McKinney, Mrs. A. C. Groendyke and Mrs. Maude Brogan who came up from Long Beach, Mrs. L. N. Kirk and Mr. and Mrs. Eldon Atwood and daughter, Martelle.

Mrs. Buffington Hostess to Solano Club Members—

Members of the Solano club were pleasantly entertained Wednesday by Mrs. Frank C. Buffington when she was hostess at luncheon followed by an afternoon party.

Remembering the good cause supported by the East Side circle which on that day served its annual chicken dinner in Crowell hall, Mrs. Buffington invited her guests to participate in that very pleasant affair and the group was served a delicious luncheon at prettily decorated reserved tables.

Returning to the Buffington home for the afternoon the guests enjoyed a time of happy visiting while they embroidered and also spent some time in assembly singing of old-time favorites and popular songs.

Mrs. Buffington's guests were Mrs. Minnie Goodrich, Mrs. Kitty Toerpe, Mrs. D. D. Lambert, Mrs. Elizabeth Rodgers, Mrs. L. E. Moser, Mrs. J. P. Moser, Mrs. William Littlewood and her sister, Mrs. D. POLICE COMMENDED BY CITY COUNCIL

Carmen Lehman Given Special Praise in Stopping of Runaway Truck

Official recognition of the bravery of Carmen S. Lehman, Upland traffic officer, and of the services rendered by all local policemen was given at the city council meeting last night.

A resolution introduced by F. H. Manker commends Mr. Lehman for his recent act of stopping a run-away truck on Euclid avenue.

Chief of Police J. F. Sawyer said today he has all material on hand to present Mr. Lehman's act of bravery to the attention of Carnegie Foundation officials. Following is the resolution, a copy of which will be presented to Mr. Lehman:

"Whereas, it has come to the attention of the members of the city council of Upland that C. S. Lehman, one of the officers of the Upland police department, was recently called upon in the performance of his duties to place himself in a position of danger and responsibility, in an effort to save the lives of others, and that he acquitted himself well;

"Now, therefore, be it resolved by the city council of Upland that we hereby commend Officer Carmen S. Lehman for his courage and skill in the situation, and that thereby in all probability he saved the lives of others; that we are of the opinion that our Upland police officers frequently are called upon to demonstrate their courage and calmness in trying situations, most of which remain unknown to the townspeople generally, and that we believe that the police department is deserving of the confidence and praise of citizens generally. That, however, the signal courage and skill of Officer Lehman in this particular emergency were of such an outstanding character that we take this means of publicly expressing our praise and commendation thereof."

Mrs. J. J. Strieby of East Tenth street, and her brother, O. V. Douglass, who has been with her for the past several months, left Thursday to motor to Mr. Douglass' home in Bloomington, Ill. Mrs. Strieby will visit with her relatives there during the spring. She expects to return to Upland about June.

EAST SIDE CIRCLE SERVES 175 GUESTS

Annual Chicken Dinner Draws Big Crowd to Crowell Hall Wednesday

Serving approximately 175 people, members of the East Side circle of the Methodist Ladies Aid held their annual chicken dinner in Crowell hall Wednesday noon, and won unanimous commendation for the excellence of the menu.

Numbers of tables were arranged advantageously about the large hall and were handsomely decorated with a profusion of golden California poppies and greenery. Orange colored candles and crepe paper further carried out the color motif on the tables.

A number of hostesses had reserved tables for groups of guests and other people from the business district and families from the home enjoyed the dinner that from past experience they knew would be a good one.

Mrs. Thomas Settle was chairman of the general committee and did much of the planning for the dinner; she also was chairman of the kitchen committee. Mrs. Ralph Marr was head of the dining room committee and Mrs. A. H. Johnson of the decorations committee.

Approximately $70 was cleared after all expenses were met, and was turned into the circle treasury.

Mrs. Settle expressed appreciation of the patronage given and also of the willing cooperation of all who aided in the work.

WOODCRAFT MEET ATTENDED BY 250

Grand Guardian Is Honor Guest, First Birthday Is Celebrated

With 250 members and out-of-town guests attending, Upland circle, Neighbors of Woodcraft celebrated the first anniversary of the organization of the circle with a mammoth birthday party Wednesday night, the event being held at their regular meeting place, the clubhouse of the Upland Woman's club.

Present as a guest of honor, Mrs. Minnie Hiner of Portland, Ore., grand guardian, expressed amazement and great pleasure over the flourishing condition of the new circle and she as well as the other visitors were very favorably impressed with the circle's splendid meeting place. The club rooms were handsomely decorated with large baskets of lilies, spirea, sweet peas and other blossoms and presented a charming home-like appearance. Emphasizing the circle's first birthday, one tall candle was placed in front of a basket of flowers on the stage.

With Mrs. Jessie Rice, guardian neighbor, presiding, Mrs. Ann Hewett's drill team opened the lodge meeting. Later the officers and drill team of Laurastinas circle of Los Angeles took charge and with beautifully exemplified ritualistic work initiated Mr. and Mrs. E. E. Johnson into the local circle. The visiting officers were attired in pink and white and the 16 girls of the drill team wore long pink georgette dresses with silver slippers.

Mrs. Hiner, in an interesting address highly complimented the work of both the visiting and the local teams.

Visitors were present from Laurastinas and Golden State circles, Los Angeles, and the Pasadena and Ontario circles.

Following the lodge session a merry evening of dancing was enjoyed with music by a San Bernardino orchestra, and refreshments were served.

A large class was scheduled for initiation but necessary papers were delayed and only two of the class became members.

Chaffey Gymnasium Will Be Enlarged

Construction of a $1,000 addition to the seating capacity in the Chaffey gymnasium was assured this week with the students voting 869 to 123 to take the money out of the student body fund for the work.

Actual work on the improvements is expected to be started within a short time. The expenditure is considered as an investment and gate receipts will be returned to the student body until $1,000 has been paid back.

Mathers Move Into New 10-Room Home

Mr. and Mrs. Wiley W. Mather and family are today in their new residence on Laurel avenue.

Of frame construction, finished with stucco, the residence adds to the exclusive appearance of the avenue. It consists of 10 rooms, three of which are bathrooms. Twelve large closets are also included in the conveniently arranged home.

PHILCO Radio

Brings you the best programs as they were intended to be received.

With a Philco you can pick out the station you want to hear—and hear it. Interference from other stations is no trouble with the powerful selectivity of every new Philco radio set.

A Demonstration Will Be Gladly Arranged, and then you can appreciate what is meant by selectivity.

CHAFFEY UNION HIGH SCHOOL

Saturday, Mar. 21

2:00 P. M.

121 East A Street, Ontario **271 Second Ave., Upland**

As an encouragement to the members of the Girls' League of Chaffey Union High school in their cake-baking contest and the public sale of cakes which is a part of the effort to increase the funds in their treasury, we have given the use of our offices in Ontario and Upland for this big event.

We urge the residents of Ontario and Upland and vicinity to plan now to buy one of more cakes, baked by this clever and enthusiastic group of girls for this contest. Mr. F. S. Wade, president of this company, already has offered $15.00 for the prize winning cake. At his direction we shall serve half of this cake in portions to visitors at our offices on the afternoon of the sale. Recipe of the prize winning cake will also be presented to all visitors that afternoon.

Another Big Job Completed...

FIRST UNIT CHAFFEY JUNIOR COLLEGE!

Within a few weeks, Chaffey Junior College students will occupy the first unit of the Junior College Building constructed by us.

We were highly gratified to be given this contract for the largest individual building for this territory in years. Gladly assuming the responsibility, we did the best possible job and are confident the taxpayers will be pleased with the result.

Naturally, we are proud of the structure, and we are confident the taxpayers in general will find their money well spent by the Chaffey Board of Education.

We Invite You...

To inspect the building and on the basis of our workmanship in the structure, request you consider us when planning a home, a store building or structure of any kind.

TREE PLANTERS IN VIEW OF CAMERAS

Moving Pictures of Spring Hill Planting Shown at Ike Walton Meeting

Members of the Izaak Walton league and Boy Scouts who planted 300 trees on Sprink Hill, San Antonio canyon, last Saturday are today in the movies. Wright Pierce, a Claremont photographer, took moving pictures of the tree-planters and these were shown at the meeting of the Old Baldy chapter meeting here Tuesday.

The tree-planting was under the direction of Arthur Throop and was the first project of its kind conducted by the chapter. Cedar, pine and oak trees were planted.

Enrolling of junior members in the league will be encouraged as the result of action taken. Byron Ford, Jr., Dr. O. A. Thompson and Wright Pierce are on the junior membership committee. Any boy under 18 years of age is eligible for membership when sponsored by some adult member of the chapter. There will be no dues, and the junior member will be given a badge and membership card as are the adult members.

Leases of sites for game reserves in this territory have been sent to Sacramento. On approval there, the leases will become effective, it is expected.

Leigh Thompson, secretary of the Southern California council, reported on the leases and on the plans of the federal government to operate its recently acquired hatchery near Redlands as a laboratory for experimentation.

Many other matters considered at the recent southland council meeting were discussed by the local chapter.

President Hubert Manker presided with Clair E. Kirk serving as secretary.

Philco Radio Models Show Many Features For Good Reception

New Philco radio models being demonstrated at Ross Auto Electric shop, local Philco dealer, include three super-heterodyne receivers which are receiving considerable attention from those who have visited the shop in the past week and listened to the demonstrations.

The Philco "supers" are revolutionary in character. Those who have watched the demonstrations declare them the most selective and powerful receivers they have ever seen. Widely known as the most selective circuit so far devised, the super-heterodyne was developed by American army engineers during the World War. Its ability to select desired stations in a congested broadcast band with no interference whatever from other stations operating, is almost miraculous.

Three models of the Philco "super" each of eleven tubes, may be seen here. They consist of a highboy console, and low-boy console, and a radio-phonograph combination, also a fine console model.

One of the most distinctive features offered by the Philco "super" is the automatic volume control which permits a constant volume level both on local and distance programs, and eliminates fading.

Orange Belt Trojan Club Is Organized; Bradley an Officer

At an enthusiastic meeting at the Hotel Ontario Tuesday evening alumni of the University of Southern California organized the Orange Belt Trojan Men's club, which is to include those alumni residing in the district between San Dimas and Cucamonga.

L. R. Bradley, manager of the Upland Lemon Growers, was elected vice-president in charge of memberships of the new club. The other officers are Ellis Hampton, Ontario, president; Dr. Ward L. Fisher, Pomona, vice-president; O. H. King, telegraph editor of the Pomona Progress-Bulletin, secretary-treasurer.

The first general meeting of the Trojan club will be held shortly after the middle of April, with Dr. and Mrs. R. B. Von KleinSmid, president and first lady of the University of Southern California, as speakers, date and place to be designated later.

Trojan clubs have been organized throughout the United States, there being some twenty-five in existence now, and have proven powerful factors in keeping alumni in contact with their university and with each other. Anyone who has attended the university for one semester or more is eligible to membership, and there are some seventy so eligible in the territory covered by the Orange Belt club.

The Orange Belt Trojan club has been organized in response to the growing demand on the part of alumni in this section for some group to keep them in closer touch with their university and and it is believed that a few months time will see one of the most active clubs in this section of the country in operation.

Jack Black Arrives to Manage Local Cafe

Jack Black has arrived to assume management of the service end of the Upland cafe, formerly Davis cafe, following the lease of the establishment a week ago by N. E. Henderson. Mr. Black has been head waiter at the Embassy hotel in San Francisco and arrived here early this week to join Mr. Henderson.

Mr. Henderson has been chef at the cafe for several months and following the trade of the property by Harry Davis, Mr. Henderson leased the cafe property and will continue as chef and also be manager of the eating place.

... What WESTINGHOUSE Gives you in the 1931 Electric Range ....

Expect more of the 1931 Westinghouse Automatic Electric Range than you ever have dreamed asking of any other cooking device. It will not disappoint you.

1. Automatic Cooking . . . Place your dinner in the oven at 9 a. m., set timing and temperature controls, and the rest of the day is yours, with assurance of a delicious, perfectly cooked dinner at dinner-time.

2. Better Flavor . . . A heavily-insulated, full porcelain enameled, flavor-tight oven, that keeps all the delicious flavor in the food. "Tastes," in even the simplest of viands, that you've never known before. Far less loss in cooking, making food dollars go further.

3. Perfect Cleanliness . . . No smoke or soot. The whole range is enamel, with white enamel cooking top. Oven interior porcelain lined . . . easy to keep clean. Dish-washing time cut in half, with all the grime and grease gone.

4. Uniform Results . . . by means of the Temperature Control. Mathematically *exact* cooking . . . . exactly the right temperature, exactly the right cooking time, always—*automatically sure*. A dozen clock-watchers could not equal the precision of Westinghouse automatic controls.

5. Convenience Outlet . . . connected to automatic timer. When you get up in the morning you can have your coffee or toast, or warm room all ready for you.

6. Modern . . . Good-Looking . . . Beautifully finished in porcelain enamel and nickel plated trimmings.

"I'm sold on the Exchange's *extra* services!"

I WOULDN'T care to grow citrus if I had to shoulder the worries and troubles my Exchange membership prevents. The extra services I get by joining hands with the majority of growers mean as much to me as the higher returns I receive for my crops.

"Heater oil is always on hand when I need it. So are fertilizer and cover crop seed. All my packing supplies are bought for me—shook, nails, tissue wraps, soap powder—everything. In many of these items there's a saving because of quantity purchases.

"The Traffic Department collects my loss claims without charge. The Field Department is always ready with advice on growing, harvesting and pest control problems. Group insurance cuts down my premiums.

"When I count up what these services would cost me—in time, worry, trouble and money—if I had to go it alone, I know that an Exchange membership is the biggest asset a citrus grower can have!"

* * * * * *

The facts are that the subsidiary Fruit Growers Supply Company makes purchases mounting into the millions of dollars for Exchange members each year. It renders an invaluable service in assembling—on time—the vast quantity of materials needed to prepare the crop for market. It is self-supporting. The cost of other Exchange services, including advertising, compares very favorably with the marketing charges alone of any other agency. And every one of them is an important factor in the Exchange's ability, year after year, to *average a higher return for its members.*

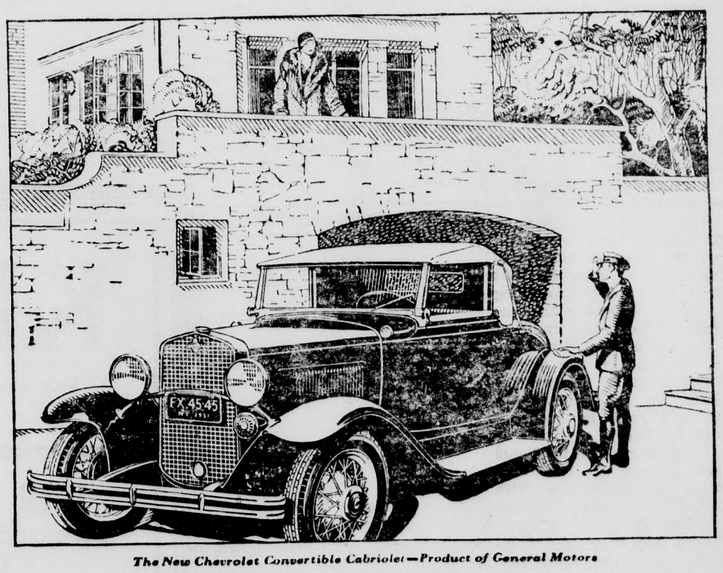

* * * * * *

Interested non-member growers—Learn the facts. The manager of your nearest District Exchange or Exchange Association will be glad to answer your questions and acquaint you with the many reasons why over 75% of California and Arizona citrus growers find Exchange membership profitable. Or write, Growers Service Bureau, Box 530, Station C, Los Angeles, California.

WHAT THE EXCHANGE IS: The California Fruit Growers Exchange is a non-profit organization of more than 12,500 citrus fruit growers, producing over 75% of the California and Arizona citrus crop, operated by and for them on a cooperative basis. Its object is to develop the national and international market for its Oranges, Lemons and Grapefruit, and to provide a marketing organization that will sell the fruit of its members most advantageously and at least expense. Receipts from sales, less only actual cost of operation, are returned to growers. Applications are received through all the Exchange's 214 local packing associations, 23 District Exchanges, or at the central office in Los Angeles

BILLY'S UNCLE

CAKE BAKERS WILL COMPETE TOMORROW

Chaffey Girls Will Present Chocolate Product in Gas Co. Contest

Upland cake bakers in the Chaffey high school are going to present their products to the public tomorrow in the first cake baking contest of its kind.

Twenty-nine prizes totaling $50 have been offered and the contest is being conducted under the direction of the Girls' league at Chaffey. The cakes will be sold tomorrow at the offices of the Southern Counties Gas company here and at Ontario.

Nothing but chocolate cakes are entered in the contest as the result of a vote taken by the girls. All of the proceeds of the sale will go toward the Girls' league treasury to aid in financing the Girls' league convention to be held here soon.

The cakes will be displayed at the company's offices before the judging tomorrow afternoon. Arrangements for the contest and sale are in charge of the league members and committee heads, including Henrietta Johns, Wanda Oswald, Helen Smith, Dorcas Hendrickson, Gloria Foss, Mariam Hendrickson, Louise Norton, Mary Johns, Ruth Moore, Theora Berry, Betty Lee Bodenhamer, Roberta Fowler, Hollace Shaw and Patricia Shattuck.

GUESTS OF LIONS SWELL ATTENDANCE

Many at Meeting of Local Club Yesterday; Club Official Speaks

Attendance at the Upland Lions club meeting in The Sycamores at noon yesterday included a representative from nearly every profession and business in the community, with Elliot Rowland, Santa Ana, deputy district governor, the speaker. "Guest" day resulted in more than 60 persons being present.

Glenn M. Atwood introduced Mr. Rowland who declared that in giving and doing something to help someone else was true happiness realized. A club or any organization can live and prosper only when it has a goal and busies itself in helping the community or its individuals, Mr. Rowland said in speaking on "Dead Timber."

Three members of the local club have been placed on important committees in connection with the district convention to be held at Yosemite park in June. Mr. Atwood has been named on the major activities committee, Norman S. Lawson on the nominating committee and J. W. Mehl on the fruit committee, in charge of sending California fruit to the International Lions convention.

Duet selections were presented by Sally O'Brien and Phyllis Moore.

Local guests present included Willard Dettweiler, Robert Baker, Archie J. Neilson, Vernon Sleuman, Steve Allee, Perry Long, Jerry Kramer, Leland Swishen, Dr. A. L. Weber, Frank Parkin, John E. Engle, F. H. Manker, Dr. O. A. Thompson, Tom Redmon, Paul F. Schowalter, Clair E. Kirk, Dr. Ralph D. Ryan, Elmer Mathews, N. E. Trautman and H. C. Van Dusen. E. E. Flickinger, father, and S. S. Wilson, uncle of Ray W. Flickinger were also guests.

Milton F. Huxtable, recovering from an operation was at the meeting, the first time since his illness. Noyes Thompson, who has been in Highland for several months, was also back with the club.

Mr. and Mrs. W. T. Schaffner, West Eighteenth street have as their guest Mr. Schaffner's sister, Mrs. C. W. Cornell of Knoxville, Ohio. Mrs. Cornell arrived in Upland last week and will remain with her relatives for a few weeks.

Joe E. Brown Here in "Going Wild"; Rogers Comedy Opens Tues.

With Joe E. Brown setting pace for a great week-end at the Upland theater, a big program of entertainment can be enjoyed here tonight and tomorrow.

This star with the big wide mouth and a pleasing way sets things wild in his picture "Going Wild." Lawrence Gray and Laura Lee are also in the cast. Laurel and Hardy in "Be Big" are the comedy features, with an added cartoon, "Toby the Milkman."

Greta Garbo opens a two-day run Sunday with "Inspiration." This is said to be her finest performance and she is supported in the cast by Robert Montgomery. Several comedies and a news reel are also scheduled.

A famous comedian in a famous picture, will be the treat for theater fans starting Tuesday and continuing until Saturday. Will Rogers in "Lightnin'" has been given five days in the schedule and this will provide opportunity for everyone here to see the popular program.

Daniel T. Levely Dies Here Wednesday

Daniel T. Levely, a resident of Upland for the past 27 years, died Wednesday night at his home, 430 Tenth avenue, at the age of 82 years.

Until his retirement several years ago, Mr. Levely was active in real estate work and was well known in church circles.

A native of Canada, he came to California from Michigan. He is survived by his wife and a step-daughter, Mrs. Geo. J. McCoy of Upland, three sons, Alfred, Thomas and John Levely in Michigan and several brothers and sisters in Canada.

Funeral services were held this afternoon at 2 o'clock at Drapers Upland chapel, the Rev. Fred Smith of the Upland Nazarene church, and the Rev. E. E. Cochrane officiating. Interment took place in Bellevue cemetery.

JAYSEE CHAMPIONS

No special reason why Menlo Park junior college refused to play Chaffey junior college for the state championship has been seen by local officials.

Negotiations were completed and Chaffey was preparing to send its titled team north to play in the Stanford pavilion last night. Then word came that Menlo Park officials had changed their minds and finally that they refused to play.

Two Local Workmen Injured in Accident

Injured when their automobile was forced into the curbing on Euclid avenue near Nineteenth street, Martin Gibson and William Giblin, employes of T. H. Kendall, East Twenty-fourth street, were recovering today.

The accident occurred early yesterday morning when a speeding car is reported to have crowded their machine into the curb. Mr. Gibson received injuries to his left hand and a broken nose, while Mr. Giblin suffered a sprain of the right knee.

Young Women's Class Entertain Husbands

Members of the Young Women's class of the Methodist church turned their regular meeting into a Saint Patrick's party Thursday night and invited their husbands to enjoy the affair with them, about 20 members and guests attending.

The hall was decorated with the colors and emblems of the patron saint and during the evening a number of games were played and refreshments were served.

Mrs. Clara Jacobs was chairman of the hostess committee and was assisted by Mrs. John Bice, Mrs. Henry Murkins, Miss Josephine Sutton, Mrs. Roy Sachs and Mrs. Eddie Clauson.

Go Ahead

"And how do you feel now?"

"I feel as if I were going to die."

"Well, you can't stay in here then, this is the living room."
